Interim & Intentional Interim Ministry

The ***Interim Ministry for Today's Church*** course will equip participants to:

- Develop a covenant with a congregation that describes the responsibilities of an interim pastor and the congregation
- Enter a congregation and join quickly with the church and its ministry
- Study the health of a congregation and determine church needs
- Articulate the ethics of the interim pastor's involvement in planning for the church's future
- Prepare the church for its future direction, including pastoral leadership
- Examine the necessity for congregational revitalisation, and examine some resources and options.
- Exit a congregation in a way to provide good closure for ministry and the opening of a new chapter in the church's life

This course is the foundational **prerequisite** for training in the ***Intentional Interim Ministry*** course. This two part program, with detailed and additional training, will equip participants to lead a church through a self review process in readiness for its new future.
